Basic analysis

Reserved personality. Reacts slowly to external stimuli, for he/she thinks through everything. Thoroughly analytical, over-scrupulous, and highly critical, for which he/she is deemed a hair-splitter, stickler. However, he/she is a strict critic of him/herself as well. Only accepts what he/she thoroughly understands. "Just because" does not constitute an acceptable answer. Pedant. "The ashtray doesn't belong there, but it's best not to be used for ashes, anyway." Health conscious, tends to be a hypochondriac. Hesitant in many cases, but can be very decisive at times. Argumentative, cannot enjoy life... He looks at everything through a mental filter, cannot ease up.

Due to the position of the Sun, (however) less materialistic, more eccentric.
